

The Bhaviṣyapurāṇa, pāda by pāda, against the whole e-text library

47% of 40,038 pāda-units match another text (ratio ≥ 0.7, stock formulae excluded) — in dated, block-wise ingredients. Bar width = chapter length; colour = dominant source.

not shown: a 4,487-unit colophon-less remainder (16% matched) nibandhas (Hemādri, Kṛtyakalpataru) quote FROM the Bhaviṣya and are not counted as sources

Brāhmaparvan — 44% of 17,805 pāda-units found in other texts

Uttaraparvan — 59% of 17,746 pāda-units found in other texts
